Frontend Engineer with 5+ YOE building high-traffic web experiences using React, Next and Typescript. I specialize in experimentation, analytics implementation, event instrumentation and conversion optimization. Proven track record partnering with Product, UX, and Marketing teams to improve customer journeys and drive measurable business impact through data-driven decision-making.

KEY ACHIEVEMENTS

**20%**
Increase in free-trial conversions

**LED**
experimentation initiatives across high-traffic websites

**100M+**
User interactions tracked and analyzed to optimize experiences

**CORE WEB VITALS**
Improved site performance and technical SEO

EXPERIENCE

WEB DEVELOPER / CRO & EXPERIMENTATION

BigCommerce | Remote | Sep 2023 - Present

- Lead **A/B Testing** initiatives across messaging, onboarding flows, pricing sections, layouts and banners to improve conversion rate and user experience.
- Design and implemented **experiments instrumentation**, defined hypotheses and analyzed results using **Amplitude and Segment** to inform data-driven decisions.
- Built scalable frontend experiences using **React, Next.js, TypeScript, Tailwind CSS and Makeswift**, consuming **Contentful** content through **GraphQL** to power dynamic page components.
- Maintained a **Storybook**-driven design system, created reusable components, and developed a shared **GSAP animation** library with the Design team to standardize motion across the platform.
- Integrated and consumed **RESTful APIs** and analytics platforms to support experimentation, personalization and user tracking.
- Implemented automated testing with **Playwright, Jest and GitHub Actions**, improving test coverage and deployment confidence.
- Reviewed PRs and GitHub workflows to maintain code quality and share knowledge and technical feedback.
- Collaborated with **Product, UX, Marketing, Publishing and SEO teams** to optimize customer journeys and improve **Core Web Vitals**, SEO, and **site performance**

FRONTEND DEVELOPER

AgileThought | Remote | Jun 2022 - Sep 2023

- Delivered web experiences using **React, Gatsby, GraphQL, TypeScript and Tailwind CSS**.
- Collaborated with **UX, Design and Product teams** during a large-scale rebranding initiative to enhance digital user experiences
- Worked with component-driven architectures and shared **design patterns**.

FRONTEND DEVELOPER

Freelance | Remote | Dec 2020 - Jun 2022

- Designed and developed websites and digital experiences for **small businesses using React**.
- Improved usability, user experiences and conversion through **frontend enhancements**.
- Integrated **backend services** with **Firebase and Strapi**.

CURRENT PERSONAL PROJECT

CRO & EXPERIMENTATION PORTFOLIO

Personal project showcasing experimentation frameworks, A/B testing workflows, analytics instrumentation, event tracking architecture, feature flags and personalization strategies. Explore here: [Ana CRO Portfolio](#)

SKILLS

- Frontend Engineering
- Growth & Experimentation
- Analytics & Event Tracking
- CRO & Personalization
- A/B Testing
- User Journey Analysis
- Performance Optimization
- API Integration
- Testing & Quality
- Collaboration & Communication
- Technical Documentation

TOOLS & TECHNOLOGIES

FRONTEND

React, Next.js, TypeScript, JavaScript, GraphQL, Tailwind CSS, HTML, CSS

ANALYTICS

Amplitude, Segment, Google Analytics 4, Event Tracking

TESTING & QUALITY

Playwright, Jest, GitHub Actions, Lighthouse CI

DEV TOOLS

Git, GitHub, Storybook, NPM, PNPM, Yarn

API

REST APIs, GraphQL

LANGUAGES

English	Professional
Spanish	Native
Portuguese	Intermediate
